Congratulations to Town Manager, Debra Chumley!

Debra was presented with her Certified Public Manager Certificate by Randy Harrison of University of Colorado, School of Public Affairs. Colorado Certified Public Manager is a leadership and professional development program and is the only nationally accredited certified public manager program offered in the state. Colorado CPM is recognized by the National CPM Consortium. Participants complete six courses and a capstone project to obtain the Certified Public Manager certificate; all requirements must be completed within three years. Participants who complete the CPM program are eligible to receive 6 graduate credit hours toward the Master of Public Administration degree at CU Denver School of Public Affairs. This program focuses on Local Government and is expressly designed to be a community based project that benefits the community. Congratulate Debra if you happen to be at Town Hall.

Town Manager's Report

Diamond K Subdivision: The construction of 13 residential lots located on North Cedar Street will begin in the next few weeks.

Evan's Place Subdivision: Construction of this subdivision located Northeast of Market Street and CR 398 is underway. Construction of homes is expected to begin in the first quarter of 2020. There are off-site improvements for this subdivision that include improvements to Market Street, in which the design work for that portion is underway. The construction of these improvements are expected to begin in 2020.

CR 398 Watermain: The new water main from CR 59 East along CR 398 to the Keenesburg Gas Plant has been completed. The Gas Plant will be fully operational within the next two weeks.

Broadway Property: The Town of Keenesburg has purchased the property from the school district located at 99 Broadway, this includes the school administration building as well as the old elementary school. We expect to close on this property by November 30, 2019, and will be relocating Town Hall to this location.

Water Tank Painting: The water tank located at North Cedar Street and including the tank located on CR 14 and 55 will be painted this fall. The North Cedar Street tank will include a large town logo that should be visible from I-76.
